WHY:

For Mike

Mike often said “Find your strong. Change your mind, change your life.” A recovering alcoholic with 32 years of sobriety, he dedicated his life to helping others manage addiction and mental illness. He set a goal to run 10 marathons in 10 consecutive days while raising \$25,000 for addiction treatment; he witnessed treatment save lives, including his own.

Mike passed away before he was able to conquer this goal he set out to achieve, so Lisa’s stepping in to attempt to achieve this goal and honor her friend.
